

Fall Course: Session Arc

SESSION PRINTED MON 28 JUL 2026

Re-sequence the eight studio sessions so the arc earns its final week.

PROPOSED SEQUENCE (MACHINE)

YOUR SEQUENCE

01 The map and the ground rules 01

why this field exists; what we won't automate

```
02  Tools as instruments                                02
    first contact, small wins, no theory yet
```

03 The brief that resists 03

a problem AI answers badly on purpose

04 Taste as a skill

critique week; judging output, not making it

05 Agents and delegation

```
06  Field week                                06
    out of the building; collect, observe, log
```

```
07 The human layer 07
  what stayed human in weeks 1-6, named out loud
```

08 Ship and defend 08
final work presented against its own process

One question. Take the whole page.

What can they do in week eight that they could not do in week one?

Not tool skills. Name the capacity.
