

FALL COURSE: SESSION ARC

Re-sequence the eight studio sessions so the arc earns its final week.
SESSION PRINTED MON 28 JUL 2026

AS PROPOSED	YOUR CALL
01 The map and the ground rules	01
why this field exists; what we won't automate	
02 Tools as instruments	02
first contact, small wins, no theory yet	
03 The brief that resists	03
a problem AI answers badly on purpose	
04 Taste as a skill	04
critique week; judging output, not making it	
05 Agents and delegation	05
handing off work without handing off judgment	
06 Field week	06
out of the building; collect, observe, log	
07 The human layer	07
what stayed human in weeks 1-6, named out loud	
08 Ship and defend	08
final work presented against its own process	

gross out freely

FALL COURSE: SESSION ARC

One question. Take the whole page.
SESSION PRINTED MON 28 JUL 2026

What can they do in week eight that they could not do in week one?

Not tool skills. Name the capacity.

Handwriting practice area consisting of 20 rows of dotted lines on a light gray background.
